18.9.19

LO To understand 'The big picture' of the Bible.

The people of God
Hundreds of years later, Adam and Eves desendents (the Israelites) were Gods chosen people but they turned their backs on him and started worshipping statues instead.

The fall

God also created humans, a boy and a girl, called Adam and Eve. God told them not to eat the apples but an evil snake tickled Eve into eating one. Eve persuaded Adam to eat one.

Creation

God decided to create the Earth. He created the sea, land and sky. Plants, flowers and trees. Then he made the sun to add light and the moon to shine when it is dark.

God

At the beginning, there was nothing but darkness and God.

No sun,
no moon

Incarnation

God decided to send his son down to Earth. He chose a young girl called Mary who was about to be married. He wanted her to be Jesus' (his son) mother and her husband would be his protector.

Gospel

Jesus spread good news about God. He died to get rid of our sins.

Salvation

Jesus came back alive and then ascended into heaven.

Kingdom of God

Every Christian aims to get to the Kingdom of God (Heaven).
