Phonics

Ethan showed excellent comprehension skills as he initially read a sentence and then drew a picture to represent what he had read.

Well done Ethan!

Number

Amber became a Maths Superstar as she was able to complete number bonds to 10 with confidence! Amber also showed she was able to represent number sentences pictorially with the diagrams provided.

Number Bonds to 10 Challenge

10 - 8 = 2

10 - 3 = 7

10 - 1 = 9

10 - 5 = 5

Can you complete the word problems below and include a pictorial representation?

1. Jackie has 10 eggs but she drops 2. How many does she have left?
10-2=8

2. Isla is seven years old. How many more years will it be until Isla is ten?
10-7=3

Topic

We have been blown away with the creativity of all the children this week. The children were asked to create a Space Helmet as we prepared to launch our Topic! Please see the following slides that illustrate how good our creations are!

Graces space helmet.
