Seesaw Highlights.

Sapphire Learning Zone

PE

In PE, we have been having great fun trying out a Zumba workout. It was hard work, but there were lots of smiles, both at home and school.

Harriet completed the complex moves well.

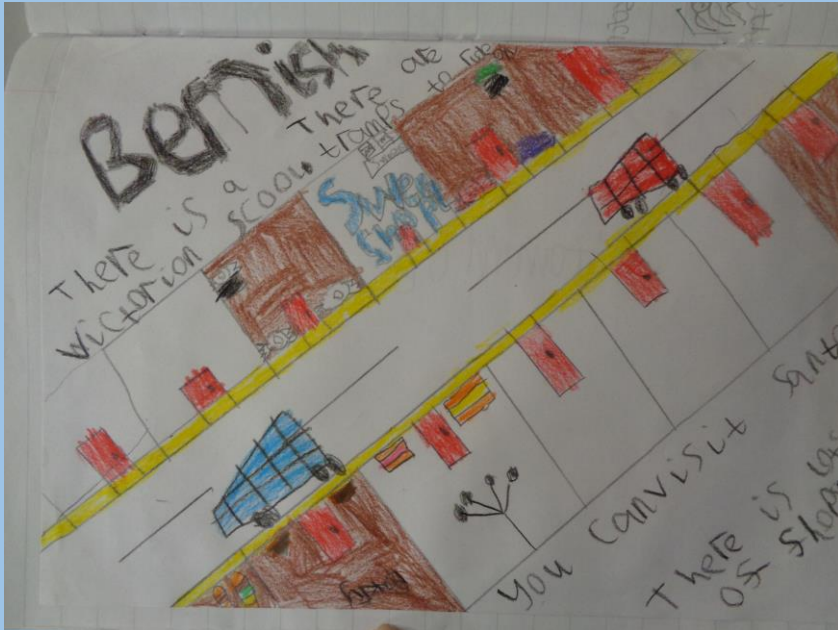

Dexter had a great time and was very enthusiastic!

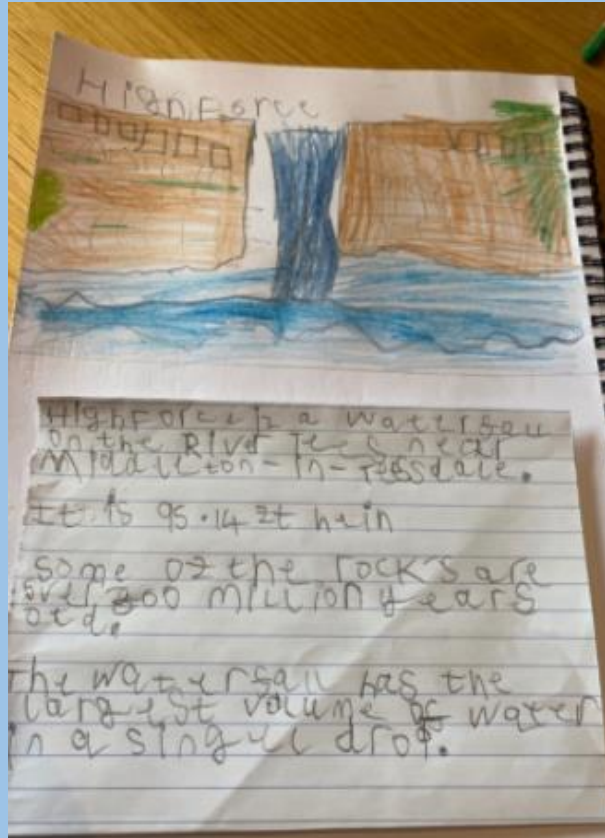

Polly had great fun working out at home.

Geography

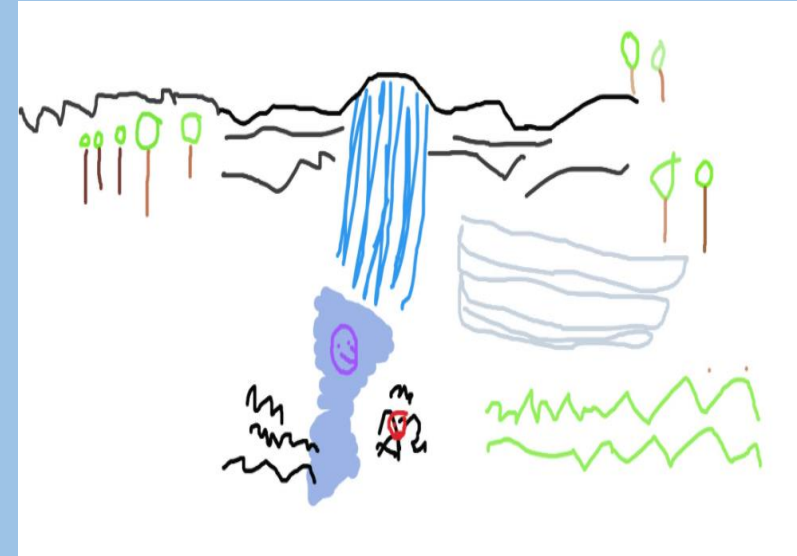

In Geography, we have been investigating places of interest in County Durham. We have some beautiful places to visit.

Tommy created a great poster to promote Beamish.

George collected some great facts and drew a very detailed image.

Zach used ICT to create his picture of High Force, with him in it.

The Sapphire Learning Zone

In our new Sapphire Learning Zone, we thought it only right to create our very own Super Sapphire masks. They were all fantastic.

R.E.

In R.E, we have started to look at the Easter story. We have focused, this week, on the arrest of Jesus. We used an image to add thought and speech bubbles to.

Rory used speech and thought bubbles well to explain what the different characters might have been saying.

Anastasia thought carefully about what was happening and added lots of ideas.
