Dear Parent/Carer

20th October 2021

Re: Science Half Term Homework (KS2)

Our Science Subject Ambassador (Miss Hunter-Purvis) has been working closely with Durham University and has secured our involvement in a project called 'Celebrate Science At Home'.

Each child in Key Stage Two (Ruby, Emerald and Diamond) will be bringing home a pack which contains everything needed to complete fun family science activities during half term. Completion of the Science At Home activities will be your child's half term holiday homework.

The packs contain everything you need along with a feedback form. Once your family have completed the form please hand it in at the Collection Box at the main gate when we return to school. Every feedback form returned will be entered into a draw for a prize and there will be one prize per Learning Zone.

We are making every effort to involve parents in their child's education within the current Covid restrictions and this is a great way for families to explore and enjoy science together.

Yours sincerely

Mrs D Cross
Head Teacher
