Dear Parent/Carer

26<sup>th</sup> June 2023

**Re: Computing Exhibition**

On Thursday 29<sup>th</sup> June, we will be holding our Computing Exhibition after school. This will differ slightly from our other exhibitions as it is happening immediately after the children will have participated in sessions with Gary from The Code Show (<https://thecodeshow.info/>) and so will give parents the opportunity to see the technology the children have been working with during the day and allow your child(ren) to immediately relay their learning.

Gary travels the country with his interactive exhibits which showcase how Britain pioneered developments in technology. It is an exciting opportunity to see and use technology from your past and to be able to have conversations with your child(ren) about the different experiences you had with tech. There is even a chance to see an example of the world's first electric vehicle, the Sinclair C5, which is another STEM (Science, Technology, Engineering and Mathematics) link as children can talk about the need for sustainability.

The exhibition begins at 15:15 and will take place in the Ruby Learning Zone which can be accessed directly from the yard as soon as children have been collected from learning zones. It will be open until 16:15 to give people the opportunity to use as many of the machines as they can.

We hope to see you there.

Yours sincerely

*Mr Clarke*

Mr Clarke  
Subject Ambassador for Computing
