Dear Parent/Carer

22nd November 2023

Re: Heating Works Update

I am really pleased to confirm that with effect from this morning, the heating pipe replacement programme of works is actually ahead of schedule.

Sapphire were not due to move until Monday 27th November but in fact moved into Topaz last night. As a consequence, Diamond have now been able to move from the library back into their normal classroom and Ruby are now back in their normal classroom too!

Sapphire will remain in Topaz until the work is complete down the link corridor, toilet areas and the Sapphire Learning Zone. Pipework also needs to go through from Sapphire into Amethyst to link them up with the heating system.

As of today, every class in school apart from Amethyst is now in a heated classroom. Quora have worked extremely hard with us to ensure that the children are in heated classrooms as quickly as possible and we are all very grateful to them for this.

Two phases of work remain outstanding at the current time and all of the new pipework still needs to be lagged. The work has created huge logistical issues and the children and staff team have been amazing in how they have coped with this additional pressure at an already busy time of year.

Yours sincerely

Mrs D Cross
