

BARRINGTON BARREL

Mrs Thompson

Mrs Thompson has retired from being a lollipop lady and we thought that we could interview her, and we asked her some questions at school.

We asked her how she was inspired, and she said that she wasn't inspired or meant to be a lollipop lady, but she wanted to help people and since the old lollipop man retired she said she'd take on the job of a lollipop person. She has done this job for a lot of years.

She has helped many people cross the main road, and she even helped cross some of the parents when they were in school themselves.

She was unsure about how many (if any) lives she saved, but nobody ever got hurt.

Her favourite part of being a lollipop lady was talking to all the children about what they like.

She used to give out sweets at the end of term, but she can't anymore because people might have allergies or illnesses.

Mrs Thompson was really happy about retiring, because she doesn't have to wait for an hour outside in the rain or snow. But we know that the whole school is sad that she's leaving her position as a lollipop lady.

We are grateful that she was there because she helped people cross the main road.

Have you heard?

Ukulele Sessions!

Last term Emerald and Diamond did separate Ukulele performances of different songs, these include Believer, demons and marry me plus more. By asking People eg. Isla and Sophie they said that they are happy about doing the Ukulele lessons. Many people attended the performances. Ruby are currently learning to play. We at the Barrington Barrel have a scoop: there will be a ukulele after school club soon.
